Thanks for the feedback. When Kimi is back in the office, I will ask her to send you the final mitigation measures.

I will work with the team to see how to incorporate those reporting measures for you.

Thanks, Lucita

Thanks Kimi: I shared the current format we are using in the master RTC document with Omar and will review his revisions before we have you review further.

Hi Omar,

I just opened the document and it looks like the first comment and response are merged and I'm not sure where the letters following the cited ESA regulation are from. Did you both look at this and it looked fine to you? Because right off the bat, there are formatting problems in my version... Each comment and response should be clearly labeled – for example. ESA Comment 1: [fill in]. ESA Response 1: [fill in] and so forth...

Thanks, Kimi
